School Bus Rules

The following is a list of bus rules and regulations. If these regulations are not followed, the bus monitor will report students to the appropriate administrator. Parents will be notified of the offending behavior and students will be suspended from riding the bus: at first temporarily, and if necessary, permanently.

Buses leave 15 minutes after class dismissal. Once the first bus is in motion, students may not board any of the remaining buses. Students who breach this important safety code will be suspended from the bus for one week. A second offense will result in the students not being able to ride the bus for the remainder of the semester.

If the bus driver is distracted by the student's behavior, he cannot pay strict attention to his driving. This poses a safety problem to all students on the bus.

All bus rules apply on field trips as well as daily transportation.

1. Students must adhere to the direction of the bus monitor.
2. Students are to use the established pick-up points only.
3. Students are required to stay in their seats and use seat belts if they are fitted.
4. Students are to refrain from protruding their head, hands, and other objects out of the window.
5. Converse in a quiet voice.
6. Food is allowed on the bus when given permission by the Bus Monitor and it is the responsibility of the student to keep the bus clean.
7. Any potential dangerous objects that need to be brought to school for a project, (i.e. glass, knives etc.), are to be given to the bus monitor.
8. Riders are permitted to get off the bus only at their assigned stops unless they have a note from their parents. These notes need to be pre-approved by the transportation coordinator.
9. Buses will not wait at the designed stops in the morning for tardy students.
10. Buses will not move unless all students are seated.
11. Students will be suspended from the bus for any aggressive, abusive or otherwise unacceptable behavior.
12. Students, who attempt to stop the bus while it is in motion, will be suspended from the bus and will be considered for permanent removal from the use of the bus service.
13. If a bus is delayed from leaving the school because of a student being late, the student will ride home and the bus supervisor will refer him/her to the principal (the next day), and they will be suspended on the next day.
14. Students will be suspended from the bus for conduct that is unacceptable.
15. Student behavior that places other bus riders at risk will be considered as grounds for expulsion from school.
